Group Project: Analysis of an Actual Construction Tender Notice Published in a Newspaper

Course Code/Name: CEDLO7025/LAC **Year/Sem:** BE/ VII

Date: 03/09/2026

Course Outcome: CEDLO7025.3 Apply knowledge of tendering procedures and tender documents in construction procurement processes.

Problem Statement	BL
Select an actual construction-related Tender Notice published in a newspaper or an official government publication. Analyse the selected Tender Notice and prepare a structured report identifying the important details, tender requirements, submission conditions and procurement procedure. Assume that you are working as a contractor's tendering team and are required to decide whether your organization should participate in the tender.	Apply

Instructions

1. Select one genuine construction-related Tender Notice.
2. The Tender Notice should preferably relate to a building, road, bridge, water supply, drainage, housing or other civil engineering project.
3. Attach the original newspaper clipping or a clear scanned copy of the Tender Notice.
4. Do not use a fabricated or self-created Tender Notice.
5. Extract the required information directly from the selected Tender Notice.
6. Where information is not provided, mention **"Not Specified"** rather than assuming the value.
7. Complete the analysis table given below.
8. Prepare a tendering procedure flowchart.
9. Prepare a Tender Participation Checklist.
10. Submit the completed exercise in the prescribed format.

❖ **TENDER NOTICE IDENTIFICATION**

Sr. No.	Particular	Details from Tender Notice
1	Name of Client/Procuring Authority	
2	Tender Reference Number	
3	Name of Project/Work	
4	Location of Project	
5	Nature of Work	
6	Estimated Cost	
7	Tender Document Fee	
8	Earnest Money Deposit (EMD)	
9	Completion Period	
10	Tender/Bid Validity Period	
11	Eligibility Criteria	
12	Contractor Class/Category	
13	Mode of Tender Submission	
14	Last Date and Time for Submission	
15	Date and Time of Tender Opening	
16	Performance Security/Security Deposit	
17	Tendering Authority/Contact Details	
18	Other Important Conditions	

Application Component

After analysing the notice, students should answer:

1. Which type of tendering procedure is being followed? Justify your answer.
2. Why has EMD been specified in the tender?
3. What could happen if a contractor fails to submit the required tender documents?
4. Identify the eligibility requirements that a contractor must satisfy.
5. Prepare a flowchart showing the tendering procedure from publication of the Tender Notice up to tender opening.
6. Identify any three tender documents that would normally be associated with this tender notice.
7. Assume your group is a contractor intending to participate. Prepare a checklist of documents you will submit with the bid.

Submission Requirements

The submitted exercise shall contain:

1. Cover Page
2. Original/Scanned Tender Notice
3. Tender Notice Identification
4. Tendering Procedure Analysis
5. Tender Document Analysis
6. Contractor's Tender Participation Checklist
7. Application-Based Questions
